Following Cabinet Discussion Of Railway Strike President Wilson Summons New Labor Board

STRIKERS' MEETING RAIDED, SEVERAL ARRESTS MADE, SITUATION STILL CRITICAL

WASHINGTON, April 14.—Evidence obtained by the department of justice was said today to show that the Russian communist internationale is undertaking to use the railroad strike as the vehicle for the creation of a mass strike in the United States.

Reports from federal agents were said to have disclosed that the communist party was financing and otherwise aiding the strike through the agency of the Industrial Workers of the World.

Evidence which the department has received was declared to justify the statement that the strike was to be merely a step in the well-known plan of the communist group and that the end aim was a mass strike to be followed by a revolution.

Reports regarding the communist internationale and part in the strike were understood to have been laid before President Wilson and the cabinet today by Attorney General Palmer, but those present persisted in their silence as to what decision had been reached at the cabinet session.

Washington held the center of the nation-wide railroad strike today. The nation's railroads were paralyzed, and the government was faced with the problem of maintaining the flow of supplies and the movement of troops.

FOOD FOR OHIO

COLUMBUS, O., April 14.—Governor Cox today received a telegram from the director of sales of surplus army supplies at Washington, stating that the war department would cooperate in relieving the threatened food shortage in Ohio, due to the strike of railroad switchmen. Frozen beef in storage at Cleveland and Columbus, the telegram stated, will be available.

The surplus food supplies are to be handled through local distributing agencies which already may be in existence or such as may be designated by the mayors in case no distributing agency now is functioning. All applications to handle the supplies must be made to Adjutant General Layton, at the state house, who in turn will certify them to the zone officer at Cleveland in whose zone the supplies now are lodged.

The price of the canned roast beef is fifteen cents per one pound can; 23 cents for 21-ounce cans; 30 cents for two pound cans, and 85 cents for six pound cans. Distributing agencies are authorized to add additional cost to cover actual expense of handling. No orders will be taken by the zone officer for less than ten cases, which contain 24 small cans and 12 of the large size. The beef is offered for sale in quantities of eight quarters or more at 10 1/2 cents per pound.

The war department notes that purchasers can effect deliveries by motor trucks.

While no announcement was made here as to the government's attitude toward the strikers' meeting in New Orleans last night by department of justice agents and the resulting arrest of six alleged strike movement leaders was taken in some quarters as indicative of the course which will be pursued. The New Orleans raid was made on warrants issued under the Lever act, charging interference with the distribution of essential food supplies, and under federal statutes alleging interference with the mails.

Government agents who have been watching developments at all strike centers the past week, are understood to have come to the definite conclusion that the strike is being given the moral and in all probability, some financial support of the I. W. W. Evidence has been obtained, reports to the department of justice indicated today, that the radical organization planned to use the strike as an opening wedge for its long threatened industrial revolution.

Decreasing supply of food stocks in several large cities led the war department last night to throw open to the public its large reserves of frozen and canned meats. Sales will be made through municipal and state agencies at prices far less than those prevailing in the open market.

Officers have been especially detailed to the work of distribution.

BRINGING UP FATHER

IRONTON MEN JOIN STRIKE

The only development in the switchmen's strike last night according to N. and W. officials at division headquarters in East Portsmouth this morning was the fact that 137 switchmen, brakemen and switch tenders at Yronton joined the strikers at 8 o'clock last night. They had issued a notice to this effect Tuesday and lived up to it.

Switchmen in Columbus, Portsmouth, Yronton and Kenova on the N. and W. are now involved in the strike, which has spread to all parts of the country and has paralyzed freight traffic.

"We have no men out at Clark, Williamson, Bluffton or Roanoke," an N. and W. official said this morning. "The strike is practically unchanged from Tuesday. We are receiving freight to points between Portsmouth and Cincinnati and Portsmouth and Columbus and are delivering coal to local plants. Just how long this service can be maintained is problematical," the official continued.

On the G. and O. 200 switchmen, brakemen and switch tenders at Russell are out and traffic in the vast

yards there is almost at a standstill. These men there joined the strike at 11:30 Tuesday morning, the vote being unanimous according to word reaching this city.

As a result of these men being out the C. & O. has placed an embargo on all live stock. "We are looking for other embargo orders, but of course cannot say just when they will be received," Agent D. A. Grimes of the C. & O. said today. It was rumored that switchmen at Silver Grove near Cincinnati had joined the strike, but this was denied in local G. and O. circles.

Officials of the N. and W. stated today that every effort would be made to supply local plants with coal to keep them in operation, but no regular schedule was being maintained and the service may be diminished at any time owing to a lack of employees.

The N. and W. estimates that about 125 men are out here while the switchmen, who met in Trainmen's Hall on Gallia street, contend that about 200 have joined the strike.

In Cincinnati
Dan Thomas, a Chillicothe street druggist is in Cincinnati on business. Joseph Ross of this city has returned from a business trip to Yronton.

Stops Hair Coming Out;
Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff. Besides every hair shows new life, color, brightness, more color and thickness.

Women's \$75 Spring Suits \$60 And A Lot Of Other Values Reduced As Much

March weather in April always plays havoc with spring lines of merchandise and our beautiful showing of Spring Suits has been nipped by the frost in no less fashion than has some of the other early fruit.

Here we were all set for big business with a wonderful suit representation and all last week—what should have been the big selling week of the spring—was like March coming in like a lion.

Oh well, if we can't have warm weather to send the suits out, a healthy reduction in price will, so we have started out now with lowered prices to make up for lost time. The suits that failed to move last week will bustle out now with reductions like these.

All Serge, Tricotine and Velour Suits Reduced Twenty Per Cent.

And they are the most stylish suits we've seen. We're really very proud of them and they look so fresh and inviting that we know you will like them as we do. The assortment as well as the models is fascinating for there is a variety ranging from the conservative to the very chic styles so popular with the younger set. Of course they are mostly navy, and you wouldn't have it otherwise, and the fabrics of Serge, Tricotine, Velour and Poirer Twill (no Jerseys reduced) afford you ample room for choice.

These reductions go into effect Thursday and no doubt there will be many women here early to get certain suits that they have had eyes on.

Reductions Like These Should Appeal

\$45 Suits for	\$36	\$ 85 Suits for	\$ 68
\$50 Suits for	\$40	\$100 Suits for	\$ 80
\$60 Suits for	\$48	\$115 Suits for	\$ 92
\$75 Suits for	\$60	\$125 Suits for	\$100

The prisoner after being sentenced was taken into custody by Sheriff Hickey and led to the county jail to await his transfer to the big prison at Columbus to pay the penalty for his crime.

S. S. Class To Meet

The Royal Daughters of America will hold their regular monthly meeting at the home of Mrs. H. H. Hickey, 1223 Twelfth street, on Thursday evening of this week.

According to the plans of the officers of the class this is to be a most important meeting and all members, both honorary and regular are urged to be present. This class has been asked to reach the one hundred mark in attendance within the next few Sundays, and the officers and members of the class have agreed to do it. And they will. Their high record for this year is 80 and they expect they know where the other eleven is.

The meeting starts at 7:30.

Potatoes Are Higher

A shortage of cars and a shortage of potatoes are limited for an advance made in the price of potatoes in Portsmouth the past few days according to a statement one of the leading produce dealers made Wednesday.

Before the war the potatoes sold for \$11 a bag, which contains 2 1/2 bushels. Today this same sack is selling at wholesale for \$12 and as a result many grocers are selling potatoes at \$1.50 per bushel.

The latest quotation from Michigan potatoes is \$11.33 per sack according to local produce firms so it can be seen that unless the shortage of cars is relieved and the switchmen get back on their jobs the prospects of potatoes coming down in price are not very flattering.

ROYAL NEIGHBORS MEET THURSDAY NIGHT

The Royal Neighbors of America will meet in regular session in their hall Fourth and Washington streets Thursday night April 15 at 7:30 o'clock.

All members who have been obligated since last November and all candidates will be given the entire work including the secrets of the Camp. All members are urged to be present as the Superseding Deputy Mrs. Minnie Schott of Columbus will be in attendance.

Go After New Grants

William Seal and Donald Meirner left today for Cleveland to get new grant machines for Henry H. Bayer. He has sold new machines to James J. Lynn of the Seinto Trail and Blanchard Anderson of 17th street.

Attends Big Rally

John H. Jackson, Tarley building barber, was in Columbus today attending the Harding demonstration, being held there, he being an ardent supporter of the Republican candidate.

SPRING IS HERE, BUT ARE YOU READY TO PARTAKE OF PLEASURES OFFERED?

Does the coming of Spring with all its pleasures mean anything to YOU? They should be full of joy and vitality. "That all depends" may be your perfect harmony with the vigorous answer and admittedly "it all depends" on how you have weathered the winter.

It all depends upon whether or not your system has withstood the exacting season of winter that leaves in its wake so many many thousands of people with completely run down systems.

In fact, conspicuously in the minority are those who have completely avoided the ravages of winter malady. True, there are thousands who were successful in warding off attacks of influenza and still more thousands who escaped pneumonia, but WHO IS THERE THAT DID NOT EXPERIENCE AT LEAST ONE HEAVY WINTER COLD DURING THE PAST SEASON? Remember, only second in severity to pneumonia and influenza is the heavy winter cough or cold.

Like pneumonia and influenza, which coughs and colds tend to weaken the heart, winter coughs and colds, and materially affect almost every vital function of the body. People who have suffered a heavy winter cough, yet feel and vital, which alone can place their system back on a par with the health of winter weather, are surely enjoying the pleasures of the spring.

Thousands of people are now taking Trutona, the Perfect Tonic, to overcome physical condition so prevalent at the close of winter and hundreds of public statements now being made daily prove that none has been disappointed in Trutona as a reconstructive, purifying, system purifier and body invigorant.

Trutona does its work quickly. It speedsily attacks the opportunities in the blood that might, if left alone, bring about serious results. It rebuilds broken down tissue, strengthens the weak, and produces proper circulation and assimilation of food at the same time. It does all this without any disagreeable after-effects. In short, it does what no other medicine can do so effectively and so efficiently.

Trutona is your physical being the vital organ of the body. People who have suffered a heavy winter cough, yet feel and vital, which alone can place their system back on a par with the health of winter weather, are surely enjoying the pleasures of the spring.

Trutona is sold in Portsmouth, at the drug stores, and at the following places: The Pharmacy, 1223 Twelfth street, and the Pharmacy, 1223 Twelfth street.

Trutona Is Daily Winning Unstinted Praise From Hundreds for Overcoming Tired, Dragg, "No-Account" Feeling So Prevalent During the Present Season

Does the coming of Spring with all its pleasures mean anything to YOU? They should be full of joy and vitality. "That all depends" may be your perfect harmony with the vigorous answer and admittedly "it all depends" on how you have weathered the winter.

Keep Tail Lights Burning

The practice of automobilists operating their machines without tail light burning has become so rampant and so many complaints of violations of a city ordinance on that score have been received at police headquarters, that Chief Joe Biehl to issue a notice this morning as a warning to auto owners to be more careful and keep the rear lights on their cars lighted.

Accidents are likely to result of such carelessness and the offense is punishable by a fine under the provisions of a city ordinance which will be strictly enforced unless it is more generally observed, said the Chief.

Chance To Get Job

Who wants to be ground keeper for the Industrial League this summer? The Industrial Association has decided to call for bids on the subject and the best proposition will be accepted. The managers of the league are determined to have the grounds kept in better order this summer than last, when the players were constantly hampered by the condition of the grounds. Any one wishing to put in bids should do so to Mr. S. Giffman, Secretary of the Industrial Association before noon on Saturday April 17.

Bowen Is Sent To Pen

The final chapter in the tragedy which occurred near Lynn, Dec. 3 last, was written in Common Pleas court yesterday afternoon when Thomas Bowen, aged 32 years, Vernon township farmer, who was recently tried and convicted by a jury of the crime of manslaughter for the killing of his son-in-law, Louis Bolling, appeared with his attorney, Thos. K. Pink for sentence, after plans for asking for a new trial had been abandoned.

The convicted man was promptly sentenced to an indeterminate term in the penitentiary by Judge Thomas, who in pronouncing sentence told Bowen he was lucky from the fact he was not guilty of second degree murder, as was charged in the indictment, for the jury would have been warranted in finding such a verdict under the evidence the court declared.

Bowen shot and killed Bolling for a dispute over the erection of a store in the city room. The man was executed in the jail house.

Bowen committed the fatal crime in the early morning of Dec. 3, and made a claim of self-defense that the jury evidently disregarded. The story and claim of justifiable homicide, he told the jury, was a lie.

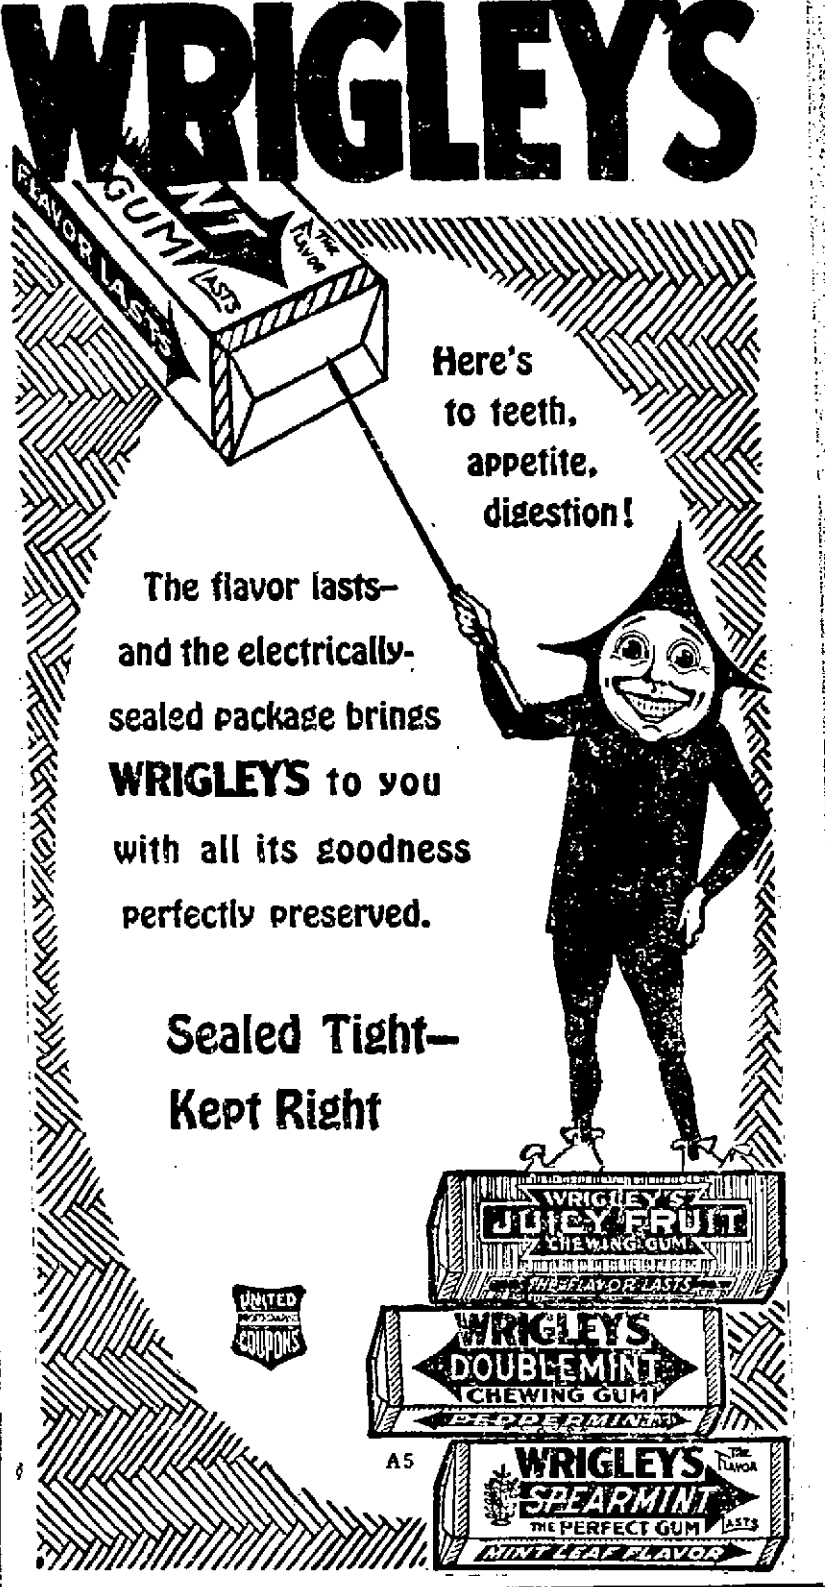

AFTER INFLUENZA

The Grip, Fevers and other Poisoning, Prostrating Diseases.

It is absolutely necessary that the blood be thoroughly cleaned, germs of disease destroyed or driven out, appetite restored and the kidneys and liver restored to perfect regular action.

Hood's Sarsaparilla has been before the people for 45 years as a general blood-purifying, cathartic, tonic medicine and it has given perfect satisfaction. Men and women whose systems have been broken down by the grip, influenza, measles, etc., find Hood's Sarsaparilla are now giving it to their own children and grandchildren with perfect confidence. It is the ideal family medicine for a wide range of ailments, always ready, always does good at any season of the year. Prepared by educated pharmacists. Nearly 40 years of phenomenal sales tell the story of its remarkable merit. For a mild, effective laxative, take Hood's Pills.

Chas. both of Garrison, Ky., Tuesday last injured himself by falling from a horse. He was taken to the local hospital and is now recovering. He was riding a horse named "Old Time" when he fell from the horse. He was taken to the local hospital and is now recovering. He was riding a horse named "Old Time" when he fell from the horse.

Murder In First Degree
Layton Devolt, 17, who murdered his father Noah Devolt, with a hatchet in a barn near Adelphi February 20, will be tried for murder in the first degree, says the Chillicothe Gazette. An indictment charging him with this offense was returned by the grand jury of the April term of common pleas court of Ross county yesterday.

Boys Farm.
Eugene Sullivan of St. Paul, Ky., has purchased the Al Hendrix farm on the West Side near the county Infirmary and expects to move there as soon as the property is vacated.

TREX! IF RHEUMATIC OR CONSTIPATED
Twenty-Five Cents Worth is Plenty! Try It! Take Harmless, Soothing Trex for Just 3 Days

There is no more lingering rheumatic pain, no more chronic constipation, no more sore kidneys, nor aching back. Trex is wonderful. Acts right off. Trex is a natural drainage of the entire system; promptly opens your circulation; drives out the poisons; cleans the system; relieves, cures, and prevents rheumatism, neuralgia, sciatica, and constipation. Don't stay cramped and aching. Get this quick relief today. See from H. H. Bennett & Co., (N.Y. Inc.), Mt. Carmel, Ill., or at Fisher & Stuber's—Babcock.

WE OFTEN MAKE WRONG EYES RIGHT
That is as far as seeing and freedom from eye strain is concerned. Of course we produce no change in the eyes themselves. We merely supply the glasses that are needed to put abnormal eyes as nearly as possible in a normal condition. Maybe our services would be a great advantage to you. We invite you to consult us to learn the facts.

Rheumatism Germs Get Busy in Spring

An Excellent Time to Cleanse
the System of the Little
Pain Demons.

When nature is engaged in her annual housecleaning, endeavoring to eliminate from the system the impurities that have been accumulating during the winter season, victims of Rheumatism will find that this is a very favorable time to rout from the blood the millions of germs that cause this painful disease.

Medical scientists differ as to the causes of every form of Rheumatism, but agree that when caused by a tiny disease germ, the only effective method of treatment is to attack the disease at its source, and cleanse the blood of its cause.

On the streets every day you see the results of improper and misdirected treatment. You see victims of this painful and disabling disease, limping through life, their limbs bent and stiff and their bodies tortured with aching joints, until you wonder how they can bear so much continued suffering.

If you are beginning to feel the first slight touches of Rheumatism, there is just as much pain and suffering ahead of you, if you follow blindly in the same misdirected footsteps of unskillful treatment. For remember that all these thousands of victims of this painful disease have spent countless hours no doubt, as well as their hard-earned dollars in a vain effort to find a cure.

Add your own experience will be just as disappointing as theirs, if you follow the old, worn-out and worthless methods of treatment.

The whole trouble is that the symptoms of the disease are being treated, and not the disease itself. When you realize that you must get rid of the cause of Rheumatism, and that its torturing pains will disappear when their cause is

removed, then you will be on the right track, and there is a splendid chance for you to rid yourself of the disease.

First of all, get it firmly fixed in your mind that all the ailments in the world have no effect whatever on Rheumatism. You may use them to the gallon, and rub the painful parts by the hour, getting possibly some temporary relief from the torturing pains, but you are making no headway whatever toward reaching the cause of the disease.

The most common form of Rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routes them entirely out of the circulation. And everyone knows that this cannot be done by rubbing the surface with liniments.

This is why S. S. S., the greatest known blood purifier is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, being composed entirely of the extracts of roots and herbs of recognized medicinal value, and it promptly routes out of the blood all disease germs. S. S. S. has been used for more than half of a century, and it will prove beneficial in any case of Rheumatism.

If you are a victim of this disease, why waste further time with the wrong kind of treatment? Needless suffering that is in store for all who rely upon liniments and other local treatment.

Go to your druggist today and get a bottle of S. S. S., and begin a course of treatment that will delight you with its results. S. S. S. will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

We maintain a medical department in charge of a specialist on Rheumatism, and after beginning treatment with S. S. S. you are invited to write for free medical advice about your own case. Address: Chief Medical Adviser, 181 Swift Laboratory, Atlanta, Ga.

remains being laid to rest in Brazil cemetery. Women of Bellow church gave one of their popular socials at the church. Manager Grimes was having the opera house building corner of Court and Sixth streets torn down. The engagement of Miss Alta Miller, of Walnut Hills, Cincinnati, was announced. Miss Miller had visited her sister Mrs. Chas. H. Miller of this city a number of times and was quite well known here.

BIRMINGHAM—Master plumbers of Birmingham, are required to furnish chauffeurs to drive union plumbers to and from work and chauffeurs are not permitted to do any plumbing work, according to findings of committee of allied civic clubs which investigated demand of men for increased wages.

SCENTED A MURDER MYSTERY

Suspicion of murder followed on the heels of the discovery of a mound resembling a grave under the floor of a house at 1106 Findlay street, yesterday by carpenters engaged in remodeling the house. When the workmen in tearing up the old floor discovered the strange mound, they quit work, and refused to continue, pending an investigation. The police were promptly notified, and Chief Dittel on going to the house, ordered the mound, which was about 6 feet long, 2 feet wide and three feet deep, excavated, and which solved the mystery to the satisfaction of all concerned, as from all indications

Leonard Ear Oil
Believes Deafness, Stomach Head Noises
It is not put in the ears, but is "Rubbed in Back of Ears" and "Inserted in the Nostrils." This had a Successful Sale since 1907.
I will forfeit \$1000 if the following testimonial is not genuine and unsolicited:
After using two bottles of Leonard Ear Oil my hearing has improved to almost normal condition. As I am 52 years old, and had I never expect to be deaf, but thanks to Leonard Ear Oil I don't have to be deaf.

Oh! That Back of Mine!

Often there is pain in back or limbs.

As a remedy for those easily recognized symptoms of inflammation caused by uric acid—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly Dr. Pierce's Anuric acts; when you take this new kidney remedy of Dr. Pierce's the pains and stiffness rapidly disappear, for "Anuric" (anti-uric-acid) is many times more potent than lithia and often eliminates uric acid as hot water melts sugar, thus removing rheumatism and lumbago.

Delphos, Ohio—"I saw an advertisement of Dr. Pierce's Anuric Tablets and sent 10 cents to Dr. Pierce's Invalids' Hotel, in Buffalo, N. Y., for a trial package. I had doctored a good deal for ten years. I often took different kinds of medicine for kidney or bladder trouble which the doctor thought I might have. Well, I never got any better. Sometimes I would be disturbed three or four times at night. Never any pain, just uneasiness. I had a soreness in my back and an awful weak back, so I wanted to see if the trial package would benefit me. I felt better from the first so I went to the druggist and got a bottle of Anuric Tablets and took all of them and never had to get up any more. After that I can say Anuric is just as recommended."—MRS. C. L. CRAMER

PENNY ANTE

The Surprise Party

Tanned and hardened by six weeks of intensive training under southern suns, the baseball teams of the National and American Leagues open the 1929 season this afternoon, weather permitting.

While it is too much to expect mid-summer playing form, there appears to be every indication that the contests will be conducted under favorable con-

In each city special ceremonies will mark the birth of another baseball season, and although there does not appear to be any novelties in sight, the fan will welcome the verbal, formal and informal, the old and the new, the usual enthusiasm, the new dramatic things, more important to come. That they will not be disappointed is the prediction of close followers of the national game, for according to these baseball prophets, the big and little teams are facing the most prosperous and successful season in the history of the sport. These predictions are based upon the fact that the new season will feature the inter-league camp games, the inter-league exhibition contests and the extraordinary interest generally evidenced in all forms of athletic contests in recent months.

The Wheelwrights, Jobbers and the Manufacturers met in the Industrial Association, here to have a "baseball league of their own in Portsmouth this summer."

Such was the decision of the representatives of the Standard Supply Co., the Portsmouth Hat Co., Hildebrand's, the Gillett Grocery Co., and the Gillett Hardware Co. when they met last night in the office of the Standard Supply Co. Each of the four companies represented, was eager to put a team in the field. It was decided to play Twilight Baseball each team playing one game a week. The committee consisting of W. E. Holman, W. S. Hays and H. A. Appel was appointed to act with Elmer S. Gillett to secure a ball ground.

It was also decided to invite for other teams from other wholesale and manufacturing plants, to join in it there. The season will have about twelve weeks' run.

Invincibles Are Trimmed

When an Invincible force meets an invincible body what happens? The answer to that age old question was settled once and for all last night, when the Invincibles met the immortal Seafish in Valley hall and the Invincible force got very much the worst of it, being trimmed for three straight games by the scores 21 to 14, 21 to 10 and 21 to 10.

The Invincibles were game to the last, fought hard for the last game. It was Win. Harris, of the Chamber of Commerce who put the first game across when the score was 19 to 19, with a little bit more, all his own, that he has developed, and with which he had already scored twelve points for this side.

Harry, Eichen Horchow and Ray Selby.

Invincibles—Lester Finney, Capt. John Weaver, A. J. Thomas, O. L. Steenmaker, Vaughn Finney and Paul Selby.

How Fish Eat.

When a codfish eats it takes a center in its mouth, cracks the shell, dexter the meat, and ejects the small Crabs crack the shells of their small neighbors and suck out their meat. This accounts for the wounds of shells which are found beneath the waves. And, as further illustrating the constant destruction going on in the ocean's depth, it is said that if a ship sinks at sea it will be eaten by fish within the extension of its ma-

When an Invincible force meets an impossible body what happens? The answer to that age old question was settled once and for all last night, when the Invincibles met the impossible Selskies in Valley hall and the Invincibles got very much the worst of it, being trimmed for three straight games by the scores 21 to 14, 22 to 10 and 21 to 10.

The Invincibles were game to the last, fought hard for the last game. It was Wm. Harris, of the Chamber of Commerce who put the last game across when the score was 19 to 12, with a little hot serve, all his own that has developed, and with which he had already scored twelve points for this side.

Invincibles—Lester Finney, Capt. John Weaver, A. J. Thomas, O. Steenmaker, Vaughn Finney and Paul Sells.

How Fish Eat.

When a codfish eats it takes an enter in its mouth, cracks the shell, grinds the meat, and ejects the shell. Crabs crack the shells of their small neighbors and suck out their meat. This accounts for the mounds of shells which are found beneath the waves. And, as further illustrating the constant destruction going on in the ocean's depth, it is said that if a ship sinks at sea it will be eaten by fish within the extension of its time.

Group of Americanized Chinese girls at San Francisco.

...coming pretty dresses and costly jewelry, say Chinese youths. It is much cheaper, they have decid-

Well, they are off.
The bell rings in the National, American and Athletic Associations today.
Will the Reds, who trouble the Cubs in the quarter contest? That is the burning question in local fandom.
It is conceded that they have a splendid pitching staff, three good catchers, a resuscitator and brain inflated and a classy outfield, but some of the breaks and does not top the hitting. This is true.
Manager Moran is confident his youngsters will repeat and anticipate another glorious season. All the teams will be after fled scraps this year for the young manner, in which they triumphed last year, but, I believe, Sallee, Hardest, League, Fisher, King and Eberhart in the same order of hurting this year as last Moran should worry.
It will be good enough to win.
Weather permitting no doubt, 25,000 fans will be out today to attend the game between the Reds and the Cubs. Throughout Southern Ohio as usual will be rooting for Moran and his gallant athletes.
Go to it, boys!

<p>Teams of the National American and American Association will play off the baseball lid today in the following cities:</p> <p>NATIONAL LEAGUE: Chicago at Cincinnati. Philadelphia at St. Louis. Boston at New York. Pittsburgh at Brooklyn.</p>	<p>AMERICAN LEAGUE Detroit at Chicago. St. Louis at Cleveland. Washington at Boston. New York at Philadelphia.</p> <p>AMERICAN ASSOCIATION Columbus at Louisville. Toledo at Indianapolis. St. Paul at Milwaukee. Minneapolis at Kansas City.</p>
---	---

St. Louis last season finished fifth in the American League and seventh in the National League.

There has been marked improvement shown by both clubs in their work, but not enough to grave either club strong enough for the first division yet.

Some day St. Louis, one of the great ball towns of America will get a club worthy of her enthusiasm and tradition. But that day hasn't come yet, despite the presence of two such stars as George Sisler and Rogers Hornsby—two, by the way, who have pretty fair chances this campaign of leading their clubs to the top.

It will a question as to when Cobb decided to start slugging. When he does, Sisler looks to be the leading applicant for the vacancy. And Cobb won't have to skid far, at that.

St. Louis is the only club left now in the National League that hasn't logged a punt in 30 years.

A black and white photograph of a large, multi-story building with many windows, likely a school or institutional building. The image is framed by a decorative border.

Mark Twain's home at Hartford, Conn.

A nation-wide movement is now under way to save the historic home of Mark Twain at Hartford, Conn. Recent announcement of the decision of the present owners to destroy the building, which is one of the oldest residences in New England, resulted in protests and offers of financial aid from all over the country. The Hartford Art Society announces that the present owners, who bought the property for \$55,000 a few months ago, are demanding \$300,000 for it.

John Smith, local N. and W. passenger agent, will go to Cincinnati Wednesday to witness the Chicago-Cincinnati game. He is a great admirer of the Reds.

300 Fans On Homer Smith

With about 300 fans aboard the Homer Smith left last night for Cincinnati where the excursionists will take in the Cincinnati-Chicago game today. The boat is due to leave the Queen City immediately after the

Spring football practice by the P. H. S. athletes, continues daily at Sixteenth and Findlay street field. Scrimmage for the first time may be given the squads this afternoon. Signals for scrimmage were given, commence until the weather permits, but yesterday, but as yet the squads although many of the candidates for the track team are making up on their own account, in imitation of track and field practice will not be the first actual practice.

Will Roush Repeat?

Plans are already picking Eddie Roush to again lead the National League in hitting this season. He is a real batsman and is always in shape to give his club his best efforts. He is getting a little faster on the path and no doubt this season will be heard from as a base runner.

The Reds start the season today just where they left off last year so far as their line up is concerned. Crave is the utility infielder instead of Hank Schröder, who was sent to Indianapolis. Southern may be out for a few days due to a bad hand, but he will soon be performing brilliantly around the initial sack, where he was a bear last year and did not miss a single game.

COLUMBIANS. April 11.—Manager, Cymer was last night justly punished. Cymer last night declared: I over the work of his club, which has been his last three days. It looks to me like the club continues at anything like the pace it has set in the exhibition. When it comes to field, it is going to make trouble for seven other clubs in this league.

As usual many small wagers have been made by local fans on the outcome of today's game. The Reds are generally favored in the betting. Several good sized wagers were made yesterday it is reported that the Cubs would not finish one, two, this year. Many fans also picked the Cubs to lose out the Meran men.

LOUISVILLE, KY., April 14—Paul
or Tommy Long who returned his con-
tract unsigned and demanded increase
salary, has signed a new contract with
the Louisville club and will report im-
mediately. It was announced today.

COLUMBUS, April 11.—For the first time in more than two weeks, P. Reicher put on a uniform yesterday and worked out with the Senators for awhile. He watched most of the game from a box seat. A few more days like yesterday and this big fellow will be about ready to take his regular turn in the outfield.

The first accident of the spring in season for any of the P. H. S. girls came yesterday, when Janet Board, football candidate, sustained a bruised ligament in his right leg below the knee.

CINCINNATI, Oct. 14—Cincinnati baseball club stockholders, today at a meeting voiced a demand for new passes to Redland Field and for larger dividends. The directors recently tabled a request by stockholders for a return of the past season and for increased dividends.

Lead and Steel.
Lead is soft to cut like steel at ordinary temperatures in liquid air, will score on a ballpoint pen, for example. This behavior of soft metals at low temperatures is interesting. It shows a very important temperature is reached as iron is soft and tractable at a red color, so lead is dull and soft at ordinary temperatures, for it is so

HIS PRIDE IS HURT

PRESIDENT LEE, of the Brotherhood of Railway Trainmen, alludes to the new switchmen as "a renegade organization."

Renegade is a strong and obnoxious word. Assumably President Lee uses it deliberately and with full understanding of its meaning, thus denoting the depth to which he is stirred over the strike precipitated by the seceders from the Brotherhood, for such they are, holding themselves in nowise related or co-opted therewith.

Viewing them as he does in this light, it is not surprising that the head of the older union should feel sorely aggrieved. The prideful boast of his Brotherhood is that it keeps its contracts. At present it has an agreement, with a term yet to run by which the relationship between it and the management of the railways is composed. So long as the latter do not violate that agreement he holds the Brotherhood must keep it inviolate until it expires. For members, who are supposedly benefited thereby and who accepted it to leave their organization, form a new one and set out upon a strike is a violation of good faith and honor, in his conception of the facts.

That is one side of the case and the facts. Whether it is the true altogether doesn't matter in one essential fact, the disfavor into which it will bring unionism generally and the prestige that a once well-nigh all-powerful organization will lose.

The agreement between the railways and the Brotherhood embraced all that labor claims, recognition of the right of labor to organize and to bargain collectively. A right and a bargain, however, must concede counter right and counter consideration, the essential principle of holding to the right admitted and the terms of the bargain entered into.

The public, so grievously inconvenienced and suffering by the strike, will have to agree with President Lee in his allegation of facts and in his position. This he realizes unquestionably and that is further inducement to him to exert himself in maintaining the authority of his organization, to which end he has called in the aid of national leaders of labor generally. He can not be denied the credit of an honest and earnest effort to keep faith. It is likely he will succeed, too. Of course, the situation is bad and there has been an increase rather than a decrease in the gloom, which it cast when the strike so unexpectedly broke out of a clear sky, as it were. But loyalty and unity were the rainstay in the power the Brotherhood acquired and these are not to be lost and dissipated over night. The disorder that has arisen in the ranks isn't a fatal disease, it is merely an eruption that needs a little time to run its course.

IS OUR TURN NEAR?

ST. LOUIS is another town that is hard hit by the census returns, indeed, she is jarred clear off her base thereby and from being the fourth largest city in the country finds herself most likely dropped down to sixth.

Her population is returned at 773,000. She was "dead sure" of a million, which proves there is no luck in even numbers and also exposes that while figures can not lie, fellows who use figures can and they generally do when it comes to stating the population of "our town."

The gain of St. Louis, only 5,974, or 12 1/2 per cent, is quite as disappointing nationally as locally. Every American likes to see the big cities grow bigger. So St. Louis is a disappointment, inexpressible. She is a great manufacturing and business city, has many of the largest industries and enterprises in the world, with a most advantageous location, yet, she gains in ten years not much more of an increase than she should have in a year.

At the rate she is going it will be fifty years before she reaches a million and there'll be millions of her inhabitants dead by that time.

Our home town in Missouri has gained 83 in population in ten years. Never would have dreamed it, thought it would always continue to be the best town on earth to move away from. And still memory makes it a dear old place at that.

The market reports say: Caution is displayed by professional traders in the present. It would be a good thing for the general public to exercise that virtue all the time.

Pursuing the subject a bit further of congress repealing the tariff on newspaper, costing less than eight cents, doing so under pressure from certain big publishers, we note that the repeal is to be for only a year and we just wonder if anybody has stuck up in the foreign markets against the passage.

A sample of unconscious humor is the press loudly proclaiming Berlin holds France liable for the invasion.

Showers of Monday fine thing for garden, if you happened to have it planted. By the way, a little gardening will go a big ways this year. Government reports show farming operations have materially decreased and that doesn't portend lower prices.

An average of more than one automobile a day was stolen in Columbus during March and the police recovered a smaller number proportionately, which suggests that if prohibition cured drunkenness, what is going to be devised to stop car thefts?

And among its other incidental casualties of the railway strike congress has voted to investigate it. Mighty strange how congress is mighty quick on the trigger about matters of mere aggravation and slower than frozen molasses on the things that seriously count.

The DIARY OF AN ENGAGED GIRL

COUSIN CECIL IS A DISAPPOINTMENT

Yesterday afternoon I took my cousin Cecil to a baseball game. He was rather bored, and not at all properly impressed by the value of our national game. In fact, he yawned twice, in a disconcerting way. I saw two girls in the row in front of us look amused. Then, he showed his ignorance of the game in a way that was most embarrassing. And when I think of how patient I have let him rave to me about cricket I could kill him.

I did my best to point out to him the good points about baseball, and explain things clearly to him, but only seemed to mix him up the more. Dear Cecil, and another firmly believes in international alliances, personal as well as national.

I have given up all hope of ever converting Cecil to our ways and pleasures. There's just no use, that's all. Those sparkling eyes of his are not indicative of any sparkle within, that's sure, and it's most disappointing. How awful if I were engaged to him instead of Jack. Think of a long life passed in a spirit of dull house pleasures and pink teas, plus the British interpretation of maternity. There is no more dreadful reflection to me.

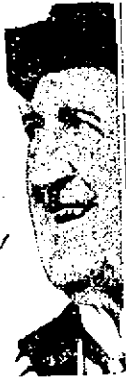

WHO'S WHO In The Days News

CHAUNCEY M. DEPEW

The Montank club of Brooklyn, N. Y., is making preparations to give its usual dinner on April 22nd in celebration of the birthday of Hon. Chauncey M. Depew. The famous after dinner speaker will be eighty-six years old—or young on that day.

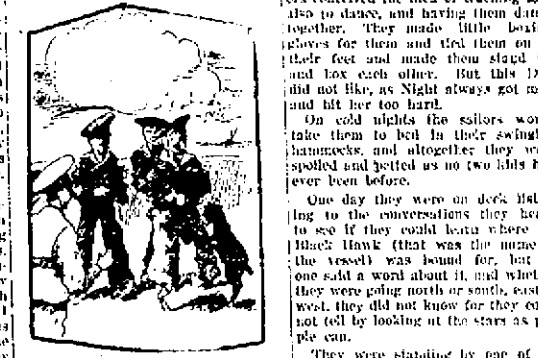

"I have lived long because I enjoy life and try to help others to enjoy life," said Mr. Depew on his last birthday. Brookville, N. Y., where he was born, naturally regards Mr. Depew as its finest product. He gave a park to that town and set up a statue of himself to it. His friends express the earnest hope that time will have crumbled that statue before Chauncey M. Depew feels older than he does—or is—today.

Mr. Depew is prominent in many railroad and banking corporations and has always been active in politics. He once received ninety-nine votes for the presidential nomination. That was at the Republican national convention in 1888. He represented New York state in the U. S. senate from 1883 to 1891. He was the orator at the unveiling of the Statue of Liberty in New York harbor; at the centennial celebration of the inauguration of George Washington; at the opening of the Chicago Exposition in 1893; and at many other notable occasions.

BILLY WHISKERS

One of the steamers Day and Night saw today deserted, as not a soul was in sight, but the passengers were out on the deck, and they were all laughing and talking about the big day and night. They were all laughing and talking about the big day and night. They were all laughing and talking about the big day and night.

They were standing by one of the officers when the Captain joined them and said: "Do you see that black bar across the sun and those clouds piling up in the west? I am afraid that means bad weather before morning. And sure enough it did, and not only bad weather but dire destruction and shipwreck."

(What happened to the kids in the storm?—Tomorrow's story tells.)

Bath in West Africa.

The people of West Africa make elaborate preparations for a real soak by digging a hole in the ground, in which he puts seven herbs, a quantity of peppers, cardamom seeds and leaves, then he pours in a lot of boiling hot water. After he gets in a light foam covered with clay is put over the hole to keep in the steam. After hours of steaming the bather emerges and is washed off with clean water, then kneaded by a professional for one hour, when he does his scrubby clothing and goes his way "shivering with cleanliness."

College Graduates and Their Wives.

Thousands of old graduates were back, and they talked a lot about themselves, and a lot more about others, but so fortunate as to attend.

"Most of our old crowd are married and happy," said one.

"Married, anyhow," said another, with the grin that always accompanies this silly joke.

"I accept the amendment," returned the first speaker, "but chiefly on account of poor Billy Tompkins. He had an unfortunate marital experience."

We hadn't heard of it and begged for particulars.

"Why, the girl he married turned out to be a professional peepshow."

The man who had first spoken sighed, but his eyes twinkled.

"Well," he observed, "I guess the rest of us drew some pretty clever amusements—what?"

A group of ex-students in the Cleveland Athletic Club were discussing their various experiences. One member told of losing his auto, (liveries) to a sick friend so he could reach his home in the country.

The machine was wrecked and the owner inquired of the sick friend how it all happened.

"Lost it?"

New-York - Day - By - Day

NEW YORK, April 14—

For about a month.

A friend of mine.

Has been fooling around.

Trying to extract.

The Old Harry.

From an innocent.

Helpless little rascal.

And every few days.

"Well, I felt pretty shaky at the start, but as I went out and struck a good stretch of road," gave her the gun and was skimming along and began to feel better 'till the blamed boat just naturally took off!"

He would send for me.

And I would go over.

And he would pour.

Something out of a glass.

And then sit around.

Waiting for the fireworks.

But nothing happened.

And while hope.

Does spring eternal.

I got tired of him.

And his crazy notion.

That a diled up grape.

Was something worth while.

But yesterday he rang up.

And told me to come quick.

And I went over.

And he was in the parlor.

With his coat off.

Staring at a toy dog.

That was on the mantle.

And he had a wild look.

And when I spoke to him.

About acting like a fool.

He got up and began to cry.

And gave me his cuff links.

And said he was going away.

He had just bought St. Louis.

And he had to go over.

And take care of it.

Then he looked out the window.

And saw a cool wagon.

And began to laugh.

And he wouldn't stop.

And he got me to laughing.

And the more I laughed.

The louder he would laugh.

Until his wife came in.

And looked at him.

Then looked at me.

As much as to say:

"So you have done it, have you?"

And I got my hat.

And sneaked out the back way.

And I don't know.

What he did to that grape.

But I'll tell you.

So that if you've failed.

Don't lose your courage.

There's hope!

Not Complete.

"That's a pretty good little speech of yours, Frank," said Manager Shakespeare, as Judge Bacon slipped into the stage entrance with another bunch of snobs.

"Which one is that?"

"The one beginning, 'To be or not to be,' but it is incomplete."

"I have mentioned the oppressors' wrong and love's pangs and legal delays and all that sort of thing."

"Yes. But you don't carry out the thought. You don't say a word about shorter hours and more wages."

Some Advantage.

"If a window cleaner is paid \$7 a day, what does it profit a man to be a college professor?"

"Well, it's true that the college professor has to exist on a pittance, but he has the satisfaction of knowing that if he and the window cleaner ever met at a social gathering he could make the window cleaner look foolish by discussing the influence of the Victorian era on contemporary literature."

Saving.

"You mustn't put both butter and jam on your bread, Tommy. We can't afford it."

"But I'm doing it to save, mummy."

"How does it save?"

"Why, the same bit of bread does for both."

His Whoreabouts.

An old Scottish lady was asked as to the whereabouts of her husband. She replied:

"If the ice is as thick as Henry thinks it is, he is skating; if it is as thin as I think it is, he is swimming."

Why He Did It.

"Why do you address that gentleman as 'major'?" Sam asked the ever keen in the army."

"Not that I know of, boss. But he don't never come in here that he don't have his old sapper a quarter. I raise the law! I've got to make him a 'major' before I die!"

Just Right.

In the good old days a southern politician according to Senator McKelbar, of Tennessee, called in his colored man, Sam, and gave him a drink of Rye.

"How is that liquor, Sam?" the colored asked.

"Just right," Sam replied.

"What do you mean by 'just right'?" the colored inquired.

"Well," Sam said, "if it was any better you wouldn't give it to me, and if it was any worse, I wouldn't drink it."

Wanted To "Hunk It."

Mary's mother was trying to spray the little girl's throat with an atomizer and was meeting with considerable opposition. Finally Mary said: "Mamma, I wouldn't mind it so much if you would let me hunk it myself."

"I can remember," mused Grandma Pash, "day, when the boys would look at a girl unless she stacked up like a truck horse." They've got a new waitress at the Little Gem, according to the 'th' third prints on the better.
